

Welcome to another World - IFM Camp 2016

Dear friends,

It is time for the next international IFM Camp! All members are invited to come along to get stuck into a fun and engaging programme, meet new friends from across the globe and to be part of an international socialist community.

When: 23 July to 5 August 2016

Where: Reinwarzhofen, Germany, hosted by SJD Die Falken

Who: Around 3000 children and young people as well as adult helpers from all IFM-SEI member organisations

What?

The camp will be organised in **villages of around 80** people: Groups from different organisations will live together in one village, eat together, organise themselves, spend time together and also prepare their own village programme. 6-8 villages will form one **town centre**. If you already know another group that you would like to camp with, you can say so in the registration.

The meals will be prepared centrally, but everyone will eat in their villages.

There will be an exciting **programme** on village, town and central level and everyone can contribute to it. You can help planning the programme before, bring your activities to the camp and also come up with spontaneous ideas during the camp.

The **central programme** will happen in theme tents and will offer lots of different educational activities for everyone, on all thematic areas of IFM-SEI. There will be workshops about

peace and conflict, programme on anti-capitalism, activities against racism, debates about equality, discussions on democracy, workshops on children's rights, media workshops and much more!

The thematic areas are:

- Children's Rights
- Democracy and Participation
- Peace
- Cooperation
- Equality and Socialism
- Anti-racism and Anti-fascism

Furthermore, there will be a Media Team and a Training Space for young group helpers.

You can also take part in the evening programme, meet others in cafes, come to a training for trainers, go for walks to a lake, or just hang out with your friends.

What else?

The **IFM-SEI Congress** will take place on the campsite, right after the IFM camp (6-8 August 2016). At the congress, the next IFM presidium will be elected, delegates will adopt the strategy and work plan for the next three years and adopt political resolutions. Everyone coming to the camp will be able to take part in discussions that will be brought to the congress. There will be lots of exciting opportunities to contribute to decisions taken for our international movement!

How to participate?

Please register your group here: <https://www.ifm-camp-2016.org/en/welcome-to-the-registration-the-ifm-camp>

You first have to make an account, which has to be verified by us (we have to make sure that only groups from IFM-SEI member organisations will register). After receiving a confirmation e-mail, you can register your group on the website, telling us in a first step how many people will be in your group.

The **booking deadline is 1st April 2016**. Until then, you can change the number of participants easily. Afterwards, you will have to pay a cancellation fee of 50% if you reduce the number of participants.

The participation fee is:

- For Western Europe: 290 Euro
- For Eastern Europe and Middle East: 195 Euro
- For everyone else: 100 Euro

The camp fee includes 12 days of camping (tents will be provided by SJD Die Falken), three meals a day, an action day in the city of Nürnberg and an exciting programme! For groups coming from outside Europe, also the transport from the airport is included.

And now?

- Motivate your groups, districts, members to come along
- Start fundraising for your group
- Start solidarity projects and fundraise for groups from other countries
- Get in touch with groups from other countries with whom you would like to share a village

You want to take part in decisions and contribute more? Then here are a few ideas:

- Come to our **preparation seminar** from 5-8 May in Germany to shape the programme, discuss the rules and find partners
- Propose workshops for the central programme: <http://ifm-sei.org/articles/welcome-to-another-world-call-for-workshops>
- Get in touch with the working group member for programme suggestions:
